RE: Safety Light Corporation – Site Bloomsburg, Pennsylvania

Dear Mr. Steinmetz:

We have received and reviewed your request for information concerning an apparent business relationship, existing between Muskingum College and the subject. From the copy of the ledger you provided, it would appear that Muskingum College may have purchased some type of product at a cost of 25 cents in 1965. We have searched files maintained by our business office, physical plant/responsible for maintenance of buildings, and academic departments, and can find nothing in our records which substantiates a business relationship between Muskingum College and Safety Light Corporation.

In light of the foregoing, the appropriate answers to the questions listed under the "Information Requested" section of the letter are "not applicable," with the specific answers to question #2 and # 4 being "no."

If you have any additional questions or other information regarding the alleged business relationship, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "James R. Wilson".

James R. Wilson
Vice President for Business and Finance
